

# MADE BY SFZERO.ORG AND ANTIBORED.COM

Share the night's stories, photos, and videos on [SFZero.org](http://SFZero.org)

In case of game emergency call Sam (415.238.2494) or Sean (415.430.7378). For all other emergencies call 911.

# JOURNEY TO THE END OF THE NIGHT: HALLOWEEN 2009 PLAYER INSTRUCTIONS

Your goal is to reach the finish line with a signature from each checkpoint, without being caught by chasers. You may walk, run, and ride buses and trains.

At each checkpoint you must find an Agent to sign your manifest. These agents will tell you how to find the Agent at the next checkpoint. If you arrive at a checkpoint that has closed, find a stranger to sign your map.

If you are caught (tagged by a chaser), remove your yellow ribbon and give it to the Chaser who caught you. Put on your pink ribbon: now your goal is to catch other players and collect their ribbons. You may join us at the finish line at Noisebridge at any time for the post-game party. Bring this manifest for entry!

## AWARDS

Players who reach the finish line with all checkpoint signatures without being tagged will receive Something Nice.

Special trophies will be given for first place finish, tagging the most players by midnight, and best costume. The award ceremony happens at midnight at the finish line.

## SOME RULES

- Travel by foot, bus, or train only - absolutely no cars, taxis, bikes, skateboards, skates, segways, etc.
- You must visit the checkpoints in order.
- Your ribbon must be worn visibly on the upper arm at all times. Hiding your ribbon is considered cheating, and is punishable by death.
- You can only become a chaser by being tagged by a Chaser.
- All tags must be "clean and fair," and made outside of safezones. No disputes will be handled at the finish line. If there is any reasonable disagreement over the fairness of a tag, the Chaser loses.

## SAFEZONES ARE CHASER-FREE AREAS WHERE YOU CANNOT TAG OR BE TAGGED

Safezones are: Bus shelters (not all bus stops have these), underground MUNI and BART stations, on board any bus or train, and while boarding or exiting a stopped train or bus.

Each checkpoint is within a safezone (see right side).

You may also see The Golden Lady along the course route; all runners within a 5 foot radius of her are safe.

# MANIFEST

## ① SOUTH PARK (CLOSES AT 8:30)
